'Big Butterfly Month' observed at Manoharbai Patel College, Deori

Highlighting the rich biodiversity of butterflies in the Deori area, the 'Big Butterfly Manch' event was recently celebrated with great enthusiasm at Manoharbai Patel College. This initiative, in collaboration with the Department of Zoology, Zoological Society, and Aranyayatri Wildlife Foundation, witnessed active participation from students, faculty, and esteemed guests.

Presiding over the event, Dr. Arun Zingre, Principal of Manoharbai Patel College, played a pivotal role in steering the program. Dr. Sudhir Bhandarkar, Head of the Zoology Department, served as the chief guide, imparting valuable insights into butterfly conservation, preservation, and research.

More than 50 students showcased their artistic talents in a butterfly painting competition, while an additional 50 students participated in a photography competition capturing the diverse butterfly species in the region. In the final program, five outstanding candidates from each competition were awarded certificates and prizes for their remarkable contributions.

The college organized an exhibition displaying all the paintings, providing a visual feast for enthusiasts and fostering awareness about butterfly diversity. Prof. Dr. Sudhir Bhandarkar further enlightened the participants with a seminar titled 'ABC of Butterfly,' focusing on the importance of conservation and research in the realm of butterflies.

Adding a scientific touch to the event, students conducted a '30 Minutes Butterfly Count' survey in the local Dhukeshwari temple area, documenting an impressive count of 21 different butterfly species. Principal Dr. Arun Jingre guided the students, emphasizing the significance of such initiatives in fostering environmental awareness.

The success of the 'Big Butterfly Month' was attributed to the dedicated efforts of Dr. Sachin Chaurasia, Dr. Trimurti Lambat, Prof. Ashish Gahve, and Prof. Umesh Chavan. The initiative received commendation from Prof. Dr. Krishnamegh Kunte, a leading butterfly scientist in India and the national coordinator of the program. Ashish Tiple, the Vidarbha Organizer, also appreciated the college's commitment to promoting butterfly conservation.

This celebration not only recognized the beauty of butterflies but also underscored the importance of their conservation, research, and the role of educational institutions in nurturing environmental stewardship.

'Bird Week' observed at Manoharbai Patel College, Deori

(Press Note) Dated: 13 Nov

In a celebration of bird diversity and conservation, the 'Bird Week' activity was recently conducted at Manoharbai Patel College in collaboration with the Department of Zoology, Zoological Society, and Aranyayatri Wildlife Foundation. The week-long event witnessed enthusiastic participation from more than 30 students, showcasing their artistic talents in a bird-themed painting competition, and over 20 students engaged in a photography competition capturing various bird species.

In the final event, four outstanding contestants from both competitions were honored with prizes, while all participants received certificates for their dedication and creativity. An exhibition featuring all the paintings added a vibrant and educational touch to the college environment.

Guiding the students through a seminar titled 'Theater Birds,' Prof. Dr. Sudhir Bhandarkar, the organizer and chief guide of the program, emphasized the significance of bird and habitat protection, shedding light on the crucial role wetland management plays in preserving biodiversity. He underlined the importance of understanding and respecting the local bird species and their ecosystems.

To commemorate the occasion, homage was paid to India's renowned ornithologist, Dr. Salim Ali, and acclaimed writer Maruti Chitampalli for their significant contributions to bird research. Further, a bird survey was conducted in the local Dhukeshwari temple area, documenting 30 different bird species.

The President of the program, Dr. Arun Zingre, principal, commended the students for their active participation and initiative in promoting awareness about bird conservation.

The success of the 'Bird Week' was attributed to the collective efforts of Dr. Sachin Chaurasia, Dr. Trimurti Lambat, Prof. Ashish Gadve, and Prof. Prachi Dongre. The captivating images that documented the event were skillfully captured by Ms. Belbir, and the vote of thanks was extended by Mr. Vikas Khaire.

The 'Bird Week' not only celebrated the beauty of birds but also served as a platform to instill a sense of responsibility and understanding among the student community towards the conservation of these remarkable creatures and their habitats.
